Not possible

Not possible

8 mm toughened safety glass (norm NBN 23-002, klasse NBN EN 12600)

101 Transparant

110 Zone intime

1 profile against the wall

Blinkend (011), Mat (001), Zwart Mat (099), Wit Mat (088), Optic Gun Grey (077), Optic Brushed Nickel (023), Optic Brushed Champagne (034)

Stabiisation bar 90° (Max 1200mm)

Possible with price supplement

Possible with price supplement

Available

Standard: width is the width of glass + profile

U-shaped profile gives +3,5 mm / -3,5 mm flexibility

A profile or glass should always be put on the tiles.

If not, this can give issues on watertightness

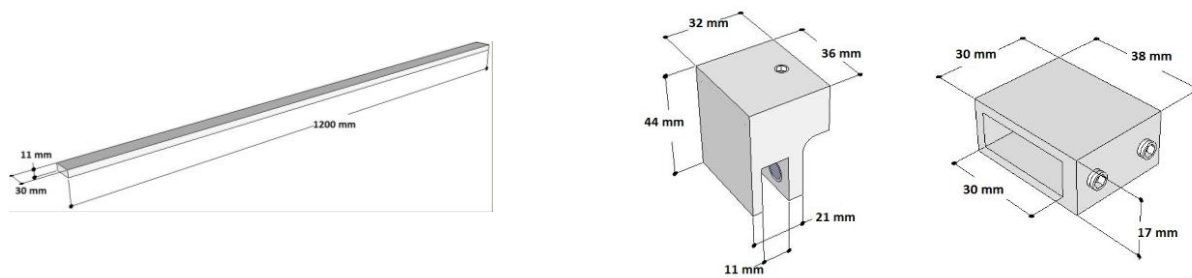

Keep dimensions and weight of the glass in mind when preparing.

Can the glass be brought into the bathroom?
